

ALEXANDER AND THE HELLENISTIC ERA

AN EMPIRE DOOMED FROM THE START

CITIES

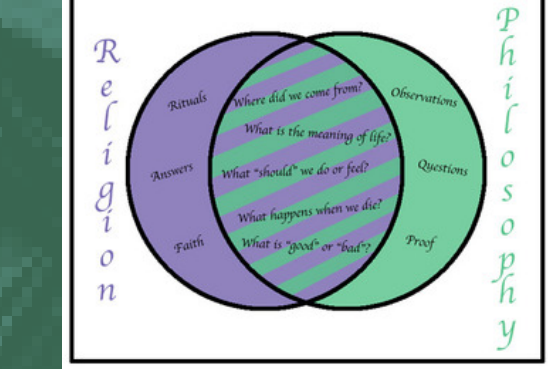

CULTURAL POINTS TO THE MILLIONS IN THE EMPIRE

Cities expanded through out the claimed territory stretching from Greece, to Egypt, to India with their markets displaying a wide range of goods from the entire civilization and encouraged the work of scholars.

GOVERNMENT

EFFECTIVELY EXPANDED BUT POORLY MAINTAINED

Unlike usual Greek city, the Hellenistic period was rules solely on kings that rules over a politically divided civilization.

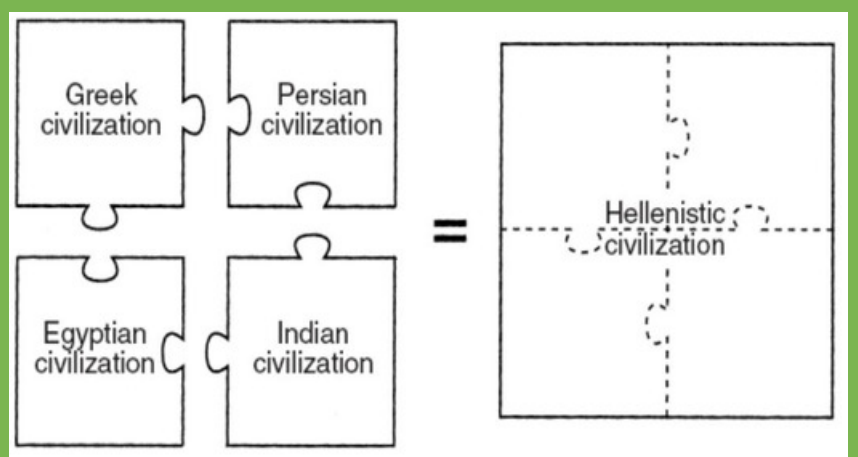

RELIGION AND BELIEF

EMPIRE OF MANY DIFFERENT BELIEFS AT THE TIME

Although it had many different religions at the time, the rise in philosophy lead to a decline in religious belief.

SOCIAL STRUCTURE

In the Hellenistic age Social structure was very dependent on race, Geeks and Macedonians were superior, gender, women were labeled as subservient to men, and wealth.

ART

During the Hellenistic era many came to appreciate art, it is richly diverse due to the many styles that were adapted into it along with the great innovations that were created then.

WRITING

For the first time ever, their was enough of a reading public to support true literature which lead to the Library of Alexandria, there were also new style of plays called New Comedies.
