Vocabulary

Vocabulary is key to understanding the content of this class, the AP Test and what you hear in class. For each unit you have vocabulary words to learn. To make sure that you are learning the geographic definition of a word, a Quizlet class has been set up for you to join. Go to: <https://quizlet.com/join/5c3jAWnHp> to join. You are joining MSMITHAPHUG. You will need to wait to be approved - approval only happens during school hours.

Unit Vocab

At the start of each unit, a set of unit vocabulary will be added to the class for you to learn. The words are listed on your unit information sheet. You are expected to know the definition and be able to apply the words to examples. In each unit you will have a vocabulary quiz. The quiz will ask you to match the words to an example of the word, not necessarily the definition. The quiz has fifteen to twenty of the vocabulary words chosen randomly.
